Jul 11, 2021 Version 2.9.1 - New Indian Jersey. Collect 15 Tokens/Day as Session Rewards- Better Daily Rewards- Free Mumbai and Lords Stadiums- Rent Stadiums using Tokens Great game love it but to much bug fix it fast Game is good. But too many ads. I understand you make money of the ads but its too much. Ads for every over, seriously?And some ads can't be closed. I'm halfway through the innings and ads come up which can't be closed. Don't worth the time Press conference by team captain / man of the match and question answers Just my opinion I would like to recommend something if possible such as Please work on showing stats for the tournament for each player and showing previous and overall stats with highest score when batsmen bat or ball with highest wicket and pls add new squad for each team instead of editing names Also add World 11 team Update team with current players and performance skill new squad instead of changing names. Commentary if you can include like sir sourav ganguly, ramiz raja, Shane warne and show the commentary box. It will be interesting I have recommended lot of friends and we been using it I would appreciate your update asapIf you can build stats records of player showing in while walking as we see in cricket matches how much one has scored based on the game or tournament . Also for bowler it would be interesting.Please upgrade VIP PREMIUM ACCESS - MONTHLY The developer, Creative Monkey Games & Technologies Private Limited, indicated that the app's privacy practices may include handling of data as described below.
