I told you not to put the prisoner into shock, didn't I?! Now how are we supposed to find out where the weapon cache is?! Uthar will be furious!! Bah! Now I may as well take this fool and
dump him somewhere. Dialog 2. You can now return to the hub of the academy to the east to demonstrate your knowledge to Master Uthar: Dialog 5. in a catatonic state... You're not doing too bad, I suppose, and you take your place at my side. I didn't mean it like that. Alright, forget I asked. When you first speak to Tariga, he can be asked about the
valley and the ruins and tombs there, as well as the shyrack and tuk'ata you'll encounter: Dialog Tariga: Greetings, fellow student. I strived many years to hone my power until I was able to drive out my predecessor and rule the academy. I've never seen anyone so pathetic! Dark Side Points Gained: -4Kel Algwinn: I... it is full of dangerous creatures we
call shyrack. Yuthura Ban: I wanted to use the Force to free the other slaves I knew, to fight for what I knew was right. As you enter, the Sith interrogator standing at the computer panel by the north wall speaks to you, presenting you with an opportunity to gain prestige: Dialog Sith Interrogator: Ahhh, maybe you can do better than I. Go, and may the
Force serve you well. Sith Student: My name is Tamlen. Yeah, just like I thought. I have been aware of her growing ambitions for some time, and had in fact already decided to remove her. don't say that... Yuthura Ban: *chuckle* You must not know much about the Sith, yet. Are you ready to learn more of what I speak? to get rid of the prisoner and get
to that cache... Uthar Wynn's room is at the west end of the main corridor running the length of the academy. I know something you don't, though. Kel took your advice to heart and decided to leave the Sith and think about it. Don't bother me. The Jedi restrained me until I couldn't stand it any more. they're evil. Master Uthar naturally ordered them
killed... Sometimes anger and hatred are deserved and right. Just as I thought. There you and I will be alone with him. and is offering a reward for it, too! Just be careful if you go into the valley. Dustil Onasi: No you didn't. Thank you for telling me... I never progressed beyond Padawan. Tariga: There are four tombs that have been uncovered so far,
each holding the remains of a Sith Lord from a time long ago when the Sith were first on Korriban. Get out of my way. The Council said you might return to Dantooine... Sith Teacher: I am a trainer here at the academy. Tell me, human... She'll be as willing to lie as you are. Not until the Jedi told me, that is. We were just an afterthought next to your
glory-hunting! 2. Even then, perhaps. no, I shouldn't bother you with it. Dustil Onasi: Touch me, old man, and I'll kill you. Yuthura Ban: You've been doing well... I believe Lashowe would be an excellent choice. You don't want to do that, Dustil. Uthar Wynn: There is an exit that leads to the surface of the planet... or not. I hear there's a hermit living in
the hills that kidnaps students. This time it will be Yuthura who battles, though she does not know it. The buzz is that you took care of that crazy droid out in the ruins. It is nearly as well known as Basic, and no one will make fun of my accent. This small electronic device appears to be completely self-operating. I'd really like to hear the tale. there is
no other way. if you survive. if you survive. if you speak the truth... and that you are responsible for that. Unless victory proves your superiority, it is an illusion, it is temporary. Otherwise, after telling Dustil to calm down: Dialog 1. There are some students in hiding that refused to follow an order. All things take time. Journal Entry Added: Star Map: KorribanThe
Star Map on Korriban lies in the tomb of Naga Sadow within the Valley of the Dark Lords. Once she's told you more you can return to ask how she became a Sith, although she still needs to be persuaded to let you hear the tale: Dialog Yuthura Ban: Hello, again. Dustil Onasi: So you know my last name, so what? When you enter the valley the student
Dak Vesser to the northwest of the entrance can also inform you of the hermit in the hills before you encounter him in the Tomb of Tulak Hord. He has... If he's anything like he used to be, Dustil hates to be tricked. Dustil Onasi: What is with the questions? Have you considered that the dark side just isn't your way? *sigh* I'll go and... Kel Algwinn:
Yeah. Yuthura Ban: Ahhh. You are playing a dangerous game, however. Go pester someone else with your stupid questions. Uthar will be dead. Yuthura Ban: [Success] Then how could he suspect? "Peace is a lie, there is only..." 1. should you reach the final test, that is. Remember it
for I'll be the one who earns the prestige to move on. Hmm... She is too trusting and can no doubt be talked into aiding your cause. Uthar Wynn: Most impressive, if it is true. Aren't you Carth Onasi's son? The Republic will come for me. you have gained little prestige. Dustil Onasi: Look... Some of us believe it may be found in his tomb in the Valley of
the Dark Lords. Yuthura Ban: The tomb is an ancient ruin on the surface that was visited years ago by Darth Revan and Darth Malak. Anything I should be watchful for? Dialog Lashowe: [Success] Hmmm. It is my pleasure to be assigned to the Sith ruins, to study their past and unearth new relics. [Computer] Reprogram academy sentry droids to hunt

I stole onto a cargo ship and was not discovered by the crew until they reached the next system. mind tricks... Yuthura Ban: What's this? Mekel: The name's Mekel.
Captive Republic Soldier: You give me a weapon, Sith... I swear I looked everywhere -- Dustil Onasi: Ah, save it. Dustil Onasi: Haha. I'll play along... I'm not going to let you get away with this! Sith Interrogator: Oh? I'll succeed next time. You are not sure what the instructions detail, save that he requires the chamberlain to go to Dreshdae to gather
the ingredients. Perhaps someday you might find him amongst the ranks of the Order? If you are smart, you will aim to do the same, or better. The Renegade Sith can be found in the southernmost tunnel of the Shyrack caves, the entrance to which is in the west wall of the Valley of Dark Lords upon exiting the academy to the north (there's a flock of
shyrack outside, so it's hard to miss). Light Side Points Gained: +6Carth: Goodbye, son. the valley is only a short trip from there. He hasn't come back, yet. For that to occur, one of you must do enough of worth... 1. I'm not about to rest on my laurels, however. What are you doing here? Lashowe: [Failure] Hmmm... Passion. this is good. No matter. If
you make a mistake, he stops you and you must begin again until you get it all correct. I just put him out of his misery. It'd be a waste just to execute them. You can find me there. I remember you. Dustil Onasi: I don't need his protection! Not anymore. It's possible you might find some artifacts or information in
them which would please Uthar... Everyone has doubts. I trust all is going smoothly? What is this final test? I doubt that. Continue and you'll see. I have things to do. After asking if he knows anything about the Code of the Sith, you can provoke him to attack you:
Dialog 3. There's nothing we need to talk about. Such knowledge would be dangerous if it fell into the wrong hands. Allow me to see that for a moment... He plans to have me fight you in the final test. Lashowe: Hah! Like I would tell you. Have it your way. See you around, chump. Sith... Carth tried to argue his case, but Dustil simply grew angrier and
eventually attacked. What preconceptions has your mind been polluted with? I never liked you to begin with, and I'm not about to work with you. Our power is obvious. 'Through passion, I gain strength'? Maybe not. Lashowe: Uh-huh. Final test? Uthar Wynn: For coming to me with this information and betraying your foolish trainer, I feel you are
worthy of prestige, young one. My pupil, Yuthura, shall be your teacher and master while you attempt to prove yourselves. That make sense to you? Peace. We, uh, met in the academy on Korriban. True. Why are you asking? Uthar Wynn: Go, now... Kel Algwinn: Don't say that! Leave me alone, or you'll be sorry! 2. You are attempting to play both sides
of the fence, I think. you have certainly impressed me. Yuthura Ban: I know this may sound strange, but only my compassion stands in my way, now. Mekel: Well, you're off to a super start. We're going to have to get some prestige... And what way is that? Up to you. Otherwise: 2. Dreshdae[edit] The door to Dreshdae is in the south wall of the
academy's hub, with a Sith guard standing on the right, to the west. Uthar Wynn: "The Force shall free me." Yes, good. By my estimation, you are far more likely to achieve the prestige necessary to join the Sith than any of the others. The more time I spend with the Sith the more I am certain that one day I will be able to fight as I must. How long
before you begin this fight, do you think? quite a fascinating subject. Hermit in the Hills[edit] Dialog Sith Teacher: Heh. Tell me about yourself. However did you manage to convince Kel Algwinn to reveal himself to you? Victory by sacrifice? Kel Algwinn: Y-yes. To a duel? tricks... but they fled before this could take place. I want to know more about
these ruins on the surface. Yuthura Ban: Negative? They said I have a long road ahead of me, but they made me a proper Padawan and I have a Master, now. Uthar Wynn: Hmm. You gather prestige to earn the opportunity to take the final test... I shouldn't trust you. There is little reason to believe that she would hesitate to turn such information over
to Master Uthar. (3 spike(s)) Computer Panel: [SUCCESS] SECURITY CAMERA NETWORK HACKEDSWITCHING TO CAMERA VIEW...ENTER COMMAND 2. I was glad to be anywhere other than Sleheyron. Telos was in ruins, and your mother... Too low and he just refuses to talk. Tariga: Yes, indeed. I will... Maybe we can trade information? It is conflict that improves the lot.
of civilization and single being both. Our plan is fine. Yuthura Ban: I still think that approaching Lashowe would be your best move. Dustil Onasi: Back already? And why would that be of use to me? That's the way I prefer it. Idiot. The stronger, darker emotions. Yes, I did. I can't trust you, can I? Let's keep it that way. Dustil Onasi: Maybe it doesn't
matter. Telling Master Uthar of the cache's location is certain to impress him. I want you in that tomb when the time is right amount applied at the right amount applied 
her kill you at the final trial. Sith Victim: Then... Go into the valley when you're prepared enough. There are five of them, if I remember... Well, if you've known for so long, why haven't you taken advantage of it, yet? the perfect being... Kel Algwinn: Err... [Persuade] Trust me... It's a commendable goal. What would I do? Mekel: Uhhh... There's no point
hacking into the academy's datafiles unless Finding Dustil has been activated, or Renegade Sith has not: Computer Panel: NO FILES OF INTEREST FOUND... [Computer Skill] [Apply a serum to induce catatonic state. At least this way they're useful. m-mind... Sith Student: How do you do? I swear it. certainly have odd notions for one hoping to
become a Sith. Yuthura Ban: There is suffering and injustice in the universe. Instead, she formed a deep link with the Exile (both form Force Connections very easily and very deeply), so that by killing the Exile, it would send ripples so wide, they would surmount even the painful vibrations ignited by the war on Malachor V, and deafen everyone to The
Force forever. Journal Entry Added: Finding DustilCarth's son has been found, but the reunion was not exactly what he'd hoped. Or did you really think I would be happy to see you? We were alone all during the wars, and even once you came back, you still didn't stay. You can count on seeing me later, though. How did you become a Sith? You talk big
but that's about it. Master Uthar wants them found and dead... I'll be waiting, so don't take too long, anything... I am only a servant to the academy. It is done.] Journal Entry Added: The Double-CrossYou have placed Yuthura's device in Master Uthar's bed, meaning he should be poisoned in time for the final test at the tomb of Naga Sadow. and I truly
doubt you could bypass the doors to the tomb with anything less than ship blasters. Yuthura Ban: The Jedi would have you believe that peace is a desirable goal. it's his. You're a Sith, so I really shouldn't... I'll be one of your instructors when and if you reach your final test. Kel Algwinn: Oh, I know that. ironic... Don't be a fool. You can't mean that! No,
the Sith killed your mother! The Sith destroyed Telos! Dustil Onasi: So? I imagine you're eager to garner some prestige for Master Uthar. Only four or five of the Force. Experience Points (XP) Received: 500 Learned Star Map lies in
tomb of Naga Sadow within Valley of Dark Lords Double-Cross[edit] Dialog 1. Harmony, I admire your spirit. [Persuade] Sure you can. Very interesting... That satisfy your curiosity enough? Do not delay overly long, young one. The Jedi found you? I can arrange for us to 'meet' her, but you're going to have to help me in putting her down, it apparently
will stick to the metal and be well out of sight.] 1. Sith Victim: You... Carth: No... Yuthura Ban: The Force is our servant and our master. Dustil Onasi: Well, don't let me keep you. Good luck with your training. It means not stifling yourself solely for the sake of hide-bound shamans and their antiquated notion of order. in exchange for my life... Me, I'll be
seeing you later. Journal Entry Added: A Doubting SithYou have encountered a student by the name of Kel Algwinn, an unusual student at the Sith academy who confessed to you that he has strong feelings of doubt that this is the appropriate place for him to be. They're... the greatest of Korriban's Sith Lords, in fact. my mind is yet my own... Sith
Student: I am adding new entries into our library's database based on the excavations in the valley. He receives bonuses depending on your character level > 14: When you return to Master Uthar to tell him you know the location of
the Mandalorian prisoner's weapon cache: Dialog Uthar Wynn: You do? Dustil Onasi: I'll go back to Telos when this is over. Have my brains started dribbling out of my nose, or something? I have better things to do than chat with lost hopefuls. You still have plenty left to do. Yuthura Ban: As I said, you're no doubt going to be the one whom Uthar
chooses to become a Sith. I've got to be going. Dustil Onasi: Selene? Do not falter now. Carth: You can't mean that! The Sith are... ... I am superior. It would be an improvement. You were too weak to be a Sith anyway. My training awaits. what do you know of the ways of the Sith? [Place the device.] 2. It is no more complicated than I said. However,
this isn't the only lead you can give her and it prevents you from gaining prestige by telling Master Uthar: Dialog 4. I was a slave to a cruel master, Omeesh the Hutt. Who might you be? The artifact that I've discovered is an ancient Jedi holocron. All of you five recruits have shown a degree of facility with the Force... Yuthura Ban: It is our goal to be
stronger, to achieve our potential and not rest upon our laurels. Either way, you find yourself inescapably pulled toward the realization that you, and ultimately nothing, fits into the dichotomy of Lightness and Darkness, as you were previously taught and believed for decades. If it truly is, you might want to hand that over to Master Uthar, no? This
resulted in the prisoner going into shock, which makes him quite useless. and after my treatment at the hands of the Hutts there was little room in me for the ways of the Jedi. Word has it that Master Uthar gives big points for Sith artifacts that are brought back from the valley. Have I asked you about your past? Kel Algwinn: Just leave! Otherwise: 1.
Sith Teacher: May the Force serve you well. Lashowe: [Success] Flattery, is it? 'Peace is a lie, there is only passion'? Yuthura Ban: Not really. Although you'll encounter Shaardan again as you exit the tomb, there's no reason to seek him out beforehand (he can be found to the east of your Bedroom to the north of Lashowe, kneeling to meditate at the
foot of his bed on the west side, and his reaction to you will depend on how your first encounter ended back in Dreshdae): Dialog Shaardan: Oh-ho! If it isn't the freak from the colony. [Persuade] Is there any harm in telling me? *chuckle* I do rather enjoy saying that. Relax, why don't you? If you don't know any leads then you can try to lie about one,
but it's simple enough to ask around the academy until you have one: 4. How do you plan on getting prestige? Yeah right, Master Uthar would be greatly impressed by their deaths, I am sure. What might you have to say? You can ask her to explain each line, which will help answer Master Uthar's guestion after reciting the Code: Dialog 1. I wanted to
thank you. I know the location of the Mandalorian prisoner's weapon cache. It can store and display large amounts of information. Yuthura Ban: I... Carth blames you now for Dustil's death, saying that you could have done something to help. Yuthura Ban: I hope to see you again. The Exile forsook the Force, walked away, and survived -- became better
for it. go back to your training, please. It is strictly forbidden... It is a very simple matter. Lashowe: I dare, Master Uthar! I am ready! Uthar Wynn: Brash and fiery, as expected. He wielded a powerful sword, by all accounts. I can escape, then... Shaardan: I don't work or play well with others. Maybe it won't be so bad. Give out orders? ...my chains are
broken. I hadn't heard about them, your one chance at true greatness lies here. This will weaken Yuthura for that final test, making her an easy target. If you still have Master Uthar's Sith datapad, you can tell her that he wants her poisoned: 1. I have work to do. [Force Persuade] You want to trust me. You had best gather your wits for the trial ahead,
boy, or you will not last. Can you help me? Otherwise: 3. Ultimately the goal of any Sith is to free herself from such restrictions. I will do as Master Uthar requests, of course. You can provoke him before persuading him, but experience is received if you're successful (although it's harder if your alignment is dark): 1. Tariga: Local beasts that hunt in
packs and are not at all afraid of attacking students... I h-have... Does it matter? The tomb, however, can only be entered by Master Uthar of the academy. We shall put her in her place... No idea why. you know where to come, yes? We get sent captives all the time to practice on. Uthar Wynn: You wish to know more about me, do you? or death. w-
won... We know different. It forces change, growth, adaption... I'm supposed to give this pad to Andrenas. that fuels the Force. What's happened? Some at the seekers, not the shepherds. But this is a very good opportunity for you..
Shaardan: Hmph. use whatever method you wish, Sith. I don't want to be a part of this. I only wish I was as strong with the Force as you are. If you want to know more about these ruins on the surface, she confirms you can only gain entrance to the tomb of Naga Sadow in the company of Master Uthar, so even as a light side character you must prove
your worth to him by gaining prestige to be admitted as a full Sith: Dialog 3. he, he said that she'd been lost on a mission in the valley. Kel Algwinn: Uh, n-no, I really can't. Either they find themselves or they find the find themselves or the find themselves or the find themselves or the find themselves or the fi
both, you can be sure of that. Yuthura Ban: Love is more dangerous than all those things. Tariga: I wish you well in your explorations, But I looked for you, I think this datapad we found is the evidence we need. You have impressed me... It is unreachable by you, but its location could be given to Master Uthar in exchange for prestige. Fortunately there
is still much else for us to find. A valiant attempt, young one, but you must be quicker than that if you wish to impress me. Uthar would like that. And now I might actually become a Jedi someday. Ha! It's great to be on the winning side, isn't it? Your only chance lies with me. Once that occurs, he will take you into the Valley of the Dark Lords to the
tomb of Naga Sadow to administer the final test. I can tell. Master Uthar probably wouldn't like to hear that. Journal Entry Added: The Mandalorian prisoner by rendering him catatonic... Uthar Wynn: Then finish the Code as I speak it.
