Hyrule warriors 3ds cia download

by Sohelswitch · April 28, 2017 Description Hyrule Warriors Legends, known in Japan as Zelda Musō, is a hack and slash action video game developed by Omega Force and Team Ninja for the 3DS and Wii U video game console. Cut down entire legions of enemies using over-the-top powerful Dynasty Warriors-style moves. In the portable version, experience new story elements and playable characters from by The Legend of Zelda: The Wind Waker game such as Tetra, King of Hyrule and more. Additional new features, such as the ability to switch between different characters on the fly, allow you to strategically position characters and defeat foes in all-new ways like never before.During Cia's siege on Hyrule Castle, a cucco farmer named Linkle receives word of the invading army. Believing that she is the newest incarnation of the legendary hero, she equips her grandmother's compass and sets off for the castle accompanied by her cuccos. However, her poor navigational skills causes her to travel in the wrong direction, and she is attacked by Skull Kid, who attempts to steal her compass. During the struggle, Linkle discovers the compass has magical properties and reclaims it, setting off once more. As she continues to get lost, she runs into many of the heroes from Hyrule's past and aids them, such as helping Fi prevent the Imprisoned's summoning, protecting Ruto and Darunia from an ambush by Volga's forces, and briefly restoring Midna to her true form. Finally, she arrives at Hyrule Castle just after Ganon is defeated and assists Impa in protecting it from the remaining monsters. When they are attacked by an invincible Dark King Dodongo, Linkle's compass suddenly reacts and purifies the creature, allowing them to defeat it and drive the monsters off. Linkle joins the celebration with the rest of the army as Link and Zelda return from restoring the Master Sword to its pedestal. Information Initial Release date : Mar 25, 2016 Genre : Action, Hack and slash Publisher : Nintendo, Koei Tecmo Developers : Koei Tecmo, Omega Force, Team Ninja Platforms : Nintendo 3DS metacritic Scores : 70 Mode(s) : 1-2 Player Game Code : Region Free Patch : Yes File Type : CIA CIA Size : 1.97 GB Rar Size : 1.3 GB Rar Password : madswitch.com You Can Also Download : Hyrule Warriors Legends .3DS Version Screenshot Trailer Download Link N.B: Please Comment us below or in Request if any File link is broken or missing.
