Engineering mechanics dynamics 7th edition solution manual.

Editors are not involved in decisions about papers which they have written themselves or have been written by family members or colleagues or which relate to products or services in which the editor has an interest. For an extra charge, paper offprints can be ordered via the offprint order form which is sent once the article is accepted for publication. Similarly for tables and figures: Table A.1; Fig. Kinkinon, D. Atchley, E. Papers deemed suitable are then typically sent to a minimum of two independent expert reviewers to assess the scientific quality of the paper. Corresponding authors who have published their article gold open access do not receive a Share Link as their final published version of the article is available open access on ScienceDirect and can be shared through the article DOI link. Keep text in the illustrations themselves to a minimum but explain all symbols and abbreviations used. LaTeX User are recommended to use the Elsevier article class elsarticle.cls to prepare your manuscript and BibTeX to generate your bibliography. Our LaTeX site has detailed submission instructions, templates and other information. Supplementary material Supplementary material such as applications, images and sound clips, can be published with your article to enhance it. Please submit your material together with the article and supply a concise, descriptive caption for each supplementary file. Breitung, DE, United States of America C. The environment is similar to MS Word: in addition to editing text, you can also comment on figures/tables and answer questions from the Copy Editor. Mechanics of Materials Authors: Dietmar Gross/Werner Hauger/Jörg Schröder/Wolfgang A. Authorship statements should be formatted with the names of authors first and CREDIT roles(s) following. Moulton, S. For this reason, References should be avoided, but if essential, then cite the author(s) and year(s). Please use the methods template or protocol template to prepare your MethodsX article. In consultation with the editors, distinguished members of the probabilistic mechanics community may serve as guest editors for a special issue dedicated to a particular theme. Fields Covered: Aerospace engineering • Damage-tolerant and durability design of aircraft • Load spectra characterisation • Random vibration of aerospace structures • Civil engineering • Geotechnical applications • Natural hazards such as earthquakes, hurricanes, and waves • Stochastic fluid mechanics/hydrology • Structural response/control under natural hazards • Marine engineering • Offshore structures response to wind-induced waves • Ship motion in a random sea • Mechanical engineering • Fatigue design • Mechanical systems response/control • Vehicle vibration • Vibration isolation • Nuclear engineering • Probabilistic risk assessment • Structural and equipment response to accidental loads • Common to all disciplines • Composite materials • Damage mechanics • Monte Carlo simulation • Random fields • Stochastic finite elements • Stochastic optimization • System reliability. Essential title page information • Title. Formatting of funding sources List funding sources in this standard way to facilitate compliance to funder's requirements: Funding: This work was supported by the National Institutes of Health [grant numbers xxxx, yyyy]; the Bill & Melinda Gates Foundation, Seattle, WA [grant number zzzz]; and the United States Institutes of Peace [grant number aaaa]. It is not necessary to include detailed descriptions on the program or type of grants and awards. Further, in order to provide a broad and balanced assessment of the work, and ensure scientific rigor, please suggest diverse candidate reviewers who are located in different countries/regions from the author group. Karra, S. List here those individuals who provided help during the research (e.g., providing language help, writing assistance or proof reading the article, etc.). Video Elsevier accepts video material and animation sequences to support and enhance your scientific research. Add [dataset] immediately before the reference so we can properly identify it as a data reference. Most formatting codes will be removed and replaced on processing the article, as demonstrated [3,6]. Jensen/Federico Santa Maria Technical University, Valparaiso, CL Chile A. M. Results Results should be clear and concise. Please refer to the "References" section for more information about data citation. Content should make no assumptions about the beliefs or commitments in any reader; contain nothing which might imply that one individual is superior to another on the grounds of age, gender, race, ethnicity, culture, sexual orientation, disability or health condition; and use inclusive language throughout. The system converts your article files to a single PDF file used in the peer-review process. Ellingwood, PhD Colorado State University, Ft. Collins, CO, Colorado, United States of America M.H. Faber, PhD Aalborg University Department of the Built Environment, Aalborg, Denmark R.V. Field, Jr. Sandia National Laboratories, Albuquerque, New Mexico, United States of America D.M. Frangopol/Lehigh University, Bethlehem, PA, United States of America R.G. Ghanem/University of Southern California, Los Angeles, CA, United States of America L. to software: [7] E. Corresponding authors should then use this tool to create a shared statement and upload to the submission system at the Attach Files step. Kareem/University of Notre Dame, Notre Dame, IN, United States of America A. van der Geer, J.A.J. Hanraads, R.A. Lupton, 2018. Supported Platforms: Windows 7 64-bit (Professional), Windows 10 64-bit (Professional) Cradle CFD Smart Multiphysics Focused Computational Fluid Dynamics Cradle CFD is a series of practical, state-of-the-art CFD simulation and visualization software. If, together with your accepted article, you submit usable color figures then Elsevier will ensure, at no additional charge, that these figures will appear in color online (e.g., ScienceDirect and other sites) regardless of whether or not these illustrations are reproduced in color in the printed version. Elsevier remains neutral with regard to any jurisdictional claims. • Use a logical naming convention for your artwork files. Naess/Norwegian University of Science and Technology, Trondheim, NO Norway S. To avoid unnecessary errors you are strongly advised to use the 'spell-check' and 'grammar-check' functions of your word processor. Implement your simulation and communication skills to get an unmatched competitive advantage in the future. Role of the funding source You are requested to identify who provided financial support for the conduct of the research and/or preparation of the article and to briefly describe the role of the sponsor(s), if any, in study design; in the collection, analysis and interpretation of data; in the writing of the report; and in the decision to submit the article for publication. Note that source files of figures, tables and text graphics will be required whether or not you embed your figures in the text. If you use reference management software, please ensure that you remove all field codes before submitting the electronic manuscript. Color artwork Please make sure that artwork files are in an acceptable format (TIFF (or JPEG), EPS (or PDF), or MS Office files) and with the correct resolution. Please note an open access fee is payable for publication in MethodsX. Yue/Shandong Jianzhu University, Jinan, China W.Q. Zhu/Zhejiang University Library, Hangzhou, CN China All members of the Editorial Board have identified their affiliated institutions or organizations, along with the corresponding country or geographic region. Feel free to use these free resources to improve your submission and navigate the publication process with ease. Please use this proof only for checking the typesetting, editing, completeness and correctness of the text, tables and figures. MSC Apex is ideal for courses covering mechanics of materials, advanced structural analysis or natural frequencies and mode shapes. Supported Platforms: Windows 7 64-bit, Windows 10 64-bit MSC Nastran with Patran Fast & Accurate Multidiscipline Simulations MSC Nastran is the world's most widely used Finite Element Analysis (FEA) solver, and Patran is a widely used modeling software that makes model creation and post-processing easy. Full details can be found on the Data in Brief website. Harp, G. For more information, visit the Data Statement page. It covers a wide range of topics, from the fundamentals of materials mechanics and applications for various industries to aspects of scientific training and career development. Proofreading is solely your responsibility. Powers of e are often more conveniently denoted by exp. Also, non-standard or uncommon abbreviations should be avoided, but if essential they must be defined at their first mention in the abstract itself. Math formulae Please submit math equations as editable text and not as images. Material and methods sections You have the option of converting relevant methods into one or multiple MethodsX articles, a new kind of article that describes the details of customized research methods. Keep the layout of the text as simple as possible. Nomenclature and units Follow internationally accepted rules and conventions; use the international system of units (SI). Predict your future and download MSC's simulation software products today FREE! With quick access to a large amount of tutorials, webinars and example problems, you can effortlessly train yourself. However, do use bold face, italics, subscripts, superscripts etc. Preprints Please note that preprints can be shared anywhere at any time, in line with Elsevier's sharing policy. da Silva/Paulo A. Otherwise, please indicate the position of footnotes in the text and list the footnotes themselves separately at the end of the article. Mendeley Data This journal supports Mendeley Data, enabling you to deposit any research data (including raw and processed data, video, code, software, algorithms, protocols, and methods) associated with your manuscript in a free-to-use, open access repository. Au/Nanyang Technological University, Singapore, Singapore Z.P. Bažant/Northwestern University, Evanston, IL, United States of America J.L. Beck/California Institute of Technology, Pasadena, CA, United States of America M. Figure captions Ensure that each illustration has a caption. Rahman/The University of Iowa, Iowa City, IA, United States of America G. Present simple formulae in line with normal text where possible and use the solids (\lceil) instead of a horizontal line for small fractional terms, e.g., XY. In contrast, a Calculation section represents a practical development from a theoretical basis. Many word processors can build footnotes into the text, and this feature may be used. Permission of the Publisher is required for resale or distribution outside the institution and for all other derivative works, including compilations and translations. Elsevier has preprinted forms for use by authors in these cases. For gold open access articles: Upon acceptance of an article, authors will be asked to complete a "License Agreement" (more information). Di Paola, PhD/University of Palermo, Palermo, IT Italy R. TIFF (or JPEG): Bitmapped (pure black & white pixels) line drawings, keep to a minimum of 1000 dpi. Data references This journal encourages you to cite underlying or relevant data prepared in a way very similar to that of conventional manuscripts (see also the Guide to Publishing with Elsevier). Corresponding authors will receive an e-mail with a link to our online proofing system, allowing annotation and correction of proofs online. Supported Platforms: Windows 7 64-bit, Windows 10 64-bit This book series publishes the results of meetings dealing with material properties in engineering and science. References in a special issue Please ensure that the words "this issue" are added to any references in the list (and any citations in the text) to other articles in the same Special Issue. To facilitate reproducibility and data reuse, this journal also encourages you to share your software, code, models, algorithms, protocols, methods and other useful materials related to the project. Below are a number of ways in which you can associate data with your article or make a statement about the availability of your data when submitting your manuscript. Submission Our online submission system guides you stepwise through the process of entering your article details and uploading your files. Deodati/Columbia University, New York, NY, United States of America M. Svayatsky, A. 281–304. Reference to a website: [5] Cancer Research UK, Cancer statistics reports for the UK. This can be done in the same way as a figure or table by referring to the video or animation content and noting in the body text where it should be placed. Clearly indicate who will handle correspondence at all stages of refereeing and publication, also post-publication. From time to time, review papers will be published to provide research and development oriented readers with state-of-the-art analyses of various areas of current interest. Avoid extensive citations and discussion of published literature. The address at which the author actually did the work must be retained as the main, affiliation address. Molins, Advanced Terrestrial Simulator (ATS) v0.88 (Version 0.88), Zenodo, March 25, 2020. Authors contributing to special issues should ensure that they select the special issue article type from this list. Present authors' affiliations such as age, gender, race, ethnicity, culture, sexual orientation, disability or health condition unless they are relevant and valid. Titles are often used in information-retrieval systems. These keywords will be used for indexing purposes. A caption should comprise a brief title (not on the figure itself) and a description of the illustration. Garimella, C. This responsibility includes answering any future queries about Methodology and Materials. Such abbreviations that are unavoidable in the abstract must be defined at their first mention there as well as in the footnote. If your data is unavailable to access or unsuitable to post, you will have the opportunity to indicate why during the submission process, for example by stating that the research data is confidential. Do not include footnotes in the Reference list. The Share Link can be used for sharing the article via any communication channel, including email and social media. Methods that are already published should be summarized, and indicated by a reference. Appendices If there is more than one appendix, they should be identified as A, B, etc. If an author has moved since the work described in the article was done, or was visiting at the time, a "Present address" (or "Permanent address") may be indicated as a footnote to that author's name. Sci. Research data refers to the results of observations or experimentation that validate research findings. Heliyon. Major Material suppliers, Tier1s and OEMs use Digimat to accurately & efficiently simulate their materials & structures. Painter, E. J. 19, e00205. Use MSC Apex for research or teaching. Barnaby and Jones [8] obtained a different result. ... List: Number the references (numbers in square brackets) in the list in the order in which they appear in the text. to a journal publication with an article number: [2]. J. Oguro, S. In particular, do not use the word processor's options to justify text or to hyphenate words. Subsections should be numbered 1.1 (then 1.1.1, 1.1.2, ...), 1.2, etc. Shinozuka/Editorial Board S. • Aim to use the following fonts in your illustrations: Arial, Courier, Times New Roman, Symbol, or use fonts that look similar. Bucher/TU Wien University, Wien, AT Austria G.Q. Cai, PhD/Florida Atlantic University, Boca Raton, FL, United States of America J. Many researchers spend a significant amount of time on developing methods to fit their specific needs or setting, but often without getting credit for this part of their work. While the Editor considers the request, publication of the manuscript will be suspended. For color reproduction in print, you will receive information regarding the costs from Elsevier after receipt of your manuscript. Sharing your preprints e.g. on a preprint server will not count as pre-publication (see "Multiple, redundant or concurrent publication" for more information). Provide the full postal address of each affiliation, including the country name and, if available, the e-mail address of each author. • Corresponding author. In the case of addition or removal of authors, this includes confirmation from the author being added or removed. Only in exceptional circumstances will the Editor consider the addition, deletion or rearrangement of authors after the manuscript has been accepted. Adams helps engineers to study the dynamics of moving parts, how loads and forces are distributed throughout mechanical systems, and to improve and optimize the performance of their products. Data visualization Include interactive data visualizations in your publication and let your readers interact and engage more closely with your research. Submission checklist You can use this list to carry out a final check of your submission before you send it to the journal for review. If other quantities are mentioned, give their equivalent in SI. Formulae and equations in appendices should be given separate numbering: Eq. (A.1), Eq. (A.2), etc.; in a subsequent appendix, Eq. (B.1) and so on. The datasets will be listed and directly accessible to readers next to your published article online. For more information, visit the Mendeley Data for Journals page. MethodsX, an open access journal, now publishes this information in order to make it searchable, peer reviewed, citable and reproducible. Also consider other diversity attributes (e.g., gender, race and ethnicity, career stage, etc.). Tables can be placed either next to the relevant text in the article, or on separate page(s) at the end. Ensure that the e-mail address is given and that contact details are kept up to date by the corresponding author. • Present/permanent address. Sudret/ETH Zurich, Zürich, CH Switzerland Q. Any modifications to existing methods should also be described. Acknowledgements Collate acknowledgements in a separate section at the end of the article before the references and do not, therefore, include them on the title page, as a footnote to the title or otherwise. Employers are constantly relying on simulation software to help eliminate slow and costly physical testing, and with experience in right out of school, you will be ready to begin your career in no time! Student Ambassador Programme Would you like to become a Hexagon Student Ambassador at your university and benefit from mentoring provided by our engineers? Offprints The corresponding author will, at no cost, receive a customized Share Link providing 50 days free access to the final published version of the article on ScienceDirect. The "Learn" environment at Researcher Academy offers several interactive modules, webinars, downloadable guides and resources to guide you through the process of writing for research and good peer review. Web references can be listed separately (e.g., after the reference list) under a different heading if desired, or can be included in the reference list. Any subsection may be given a brief heading. Article structure Subdivision - numbered sections Divide your article into clearly defined and numbered sections. Berndt, D. Video and animation files supplied will be published online in the electronic version of your article in Elsevier Web products, including ScienceDirect. Ostoja-Starzewski/University of Illinois Urbana-Champaign Department of Mechanical Science and Engineering, Urbana, Illinois, United States of America K.K. Phoon/Singapore University of Technology and Design, Singapore, Singapore A. • Embed the used fonts if the application provides that option. You are encouraged to submit your data article for Data in Brief as an additional item directly alongside the revised version of your manuscript. Data linking If you have made your research data available in a data repository, you can link your article directly to the dataset. Citation of a reference as "in press" implies that the item has been accepted for publication. These include all products that support Citation Style Language styles, such as Mendeley. Authors are encouraged to submit their MethodsX article as an additional item directly alongside the revised version of their manuscript. Visit the Elsevier Support Center to find the answers you need. Please use "Highlights" in the file name and include 3 to 5 bullet points (maximum 85 characters, including spaces, per bullet point). Elsevier collaborates with a number of repositories to link articles on ScienceDirect with relevant repositories, giving readers access to underlying data that gives them a better understanding of the research described. There are different ways to link your datasets to your article. Any references cited in the abstract must be given in full. If no template is yet available for this journal, please follow the format of the sample references and citations as shown in this Guide. All correspondence, including notification of the Editor's decision and requests for revision, is sent by e-mail. If your research article is accepted, your methods article will automatically be transferred over to MethodsX where it will be editorially reviewed. They consist of a short collection of bullet points that capture the novel results of your research as well as new methods that were used during the study (if any). Follow the instructions here to find out about available data visualization options and how to include them with your article. Supported Platforms: Windows 7 64-bit, Windows 10 64-bit Marc Advanced Nonlinear Simulation Solution Marc combines to deliver a complete solution (pre-processing, solution, and post-processing) for implicit nonlinear FEA performing deformation, stress and normal modes analysis. Concise and informative. Nakashizuka, Mortality data for Japanese oak wilt disease and surrounding forest compositions, Mendeley Data, v1, 2015. All submitted files should be properly labeled so that they directly relate to the video file's content. Please indicate your preference for color: in print or online only, TIFF (or JPEG). Color or grayscale photographs (halftones), keep to a minimum of 300 dpi. The journal aims to maintain a healthy balance between general solution techniques and problem-specific results, encouraging a fruitful exchange of ideas among disparate engineering specialties. Authors who have video or animation files should submit them with their article. These include all products that support Citation Style Language styles, such as Mendeley. Authors are encouraged to submit their MethodsX article as an additional item directly alongside the revised version of their manuscript. Visit the Elsevier Support Center to find the answers you need. Indicate all affiliations with the lower-case superscript letter immediately after the author's name and in front of the appropriate address. Elsevier Researcher Academy Researcher Academy is a free e-learning platform designed to support early and mid-career researchers throughout their research journey. Theory/calculation A Theory section should extend, not repeat, the background to the article already dealt with in the Introduction and lay the foundation for further work. If quoting directly from a previously published method, use quotation marks and also cite the source. Footnotes Footnotes should be used sparingly. Suggesting reviewers Please submit the names and institutional e-mail addresses of several potential reviewers. You should not suggest reviewers who are colleagues, or who have co-authored or collaborated with you during the last three years. All instructions for proofing will be given in the e-mail we send to authors, including alternative methods to the online version and PDF. We will do everything possible to get your article published quickly and accurately. The volumes in the series are based typically on primary research materials presented at conferences, workshops, and similar scientific meetings, and represent comprehensive scientific and technical studies. Editors do not invite reviewers who have potential competing interests with the authors. Use this numbering also for internal cross-referencing; do not just refer to 'the text'. Further information on the preparation of electronic artwork. When funding is from a block grant or other resources available to a university, college, or other research institution, submit the name of the institute or organization that provided the funding. If no funding has been provided for the research, it is recommended that this research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors. Imahiro, S. Chen, PhD/Tongji University College of Civil Engineering, Shanghai, China R.B. Corotis/University of Colorado Boulder, Boulder, CO, United States of America T. If your research article is accepted, your data article will automatically be transferred over to Data in Brief where it will be editorially reviewed, published open access and linked to your research article on ScienceDirect. The Editor's decision is final. Narayanan/Indian Institute of Technology Madras, Chennai, India M. More details and an example. Superscript Arabic numerals are used for such footnotes. Introduction State the objectives of the work and provide an adequate background, avoiding a detailed literature survey or a summary of the results. F. Marc provides the easiest to use and most robust capabilities for contact, large strain, and multiphysics analysis available today to solve static and quasi-static nonlinear problems. Mignolet/Arizona State University, Tempe, AZ, United States of America G. Wall MSC Software's Student Editions will give you the advantage you need to be successful in today's job market. If excerpts from other copyrighted works are included, the author(s) must obtain written

Permission from the copyright owners and credit the source(s) in the article. Highlights Highlights are optional yet highly encouraged for your article when it increase the discoverability of your article via search engines. Most Elsevier journals have their reference template available in many of the most popular reference management software products. A data article is a new kind of article that ensures that your data are actively reviewed, curated, formatted, indexed, given a DOI and made publicly available to all upon publication (watch this video describing the benefits of publishing your data in Data in Brief). Web references As a minimum, the full URL should be given and the date when the reference was last accessed. Be sparing in the use of tables and ensure that the data presented in them do not duplicate results described elsewhere in the article. Reference style Text: Indicate references by number(s) in square brackets in line with the text. Artwork Electronic artwork General points• Make sure you use uniform lettering and sizing of your original artwork. Jafarov, S. For more information, visit the database linking page.For supported data repositories a repository banner will automatically appear next to your published article on ScienceDirect.In addition, you can link to relevant data or entities through identifiers within the text of your manuscript, using the following format: Database: xxxx (e.g., TAIR: AT1G01020; CCDC: 734053; PDB: 1XFN). The text should be in single-column format. Please do not convert the .docx template to another file type. Submitted supplementary items are published exactly as they are received (Excel or PowerPoint files will appear as such online). Editable files (e.g., Word, LaTeX) are required to typeset your article for final publication. SolarisUniversity of Genoa, Genova, IT Italy D. • Provide captions to illustrations separately. The statement will appear with your published article on ScienceDirect. When it comes to analyzing stress, dynamics, or vibration behavior of real-world complex systems, manufacturers of everything from parts and assemblies to full vehicles choose MSC Nastran because of its high reliability and accuracy. Use of inclusive language Inclusive language acknowledges diversity, conveys respect to all people, is sensitive to differences, and promotes equal opportunities. Examples: Reference to a journal publication: [1]. (the abstract is not included in section numbering). Submission declaration and verification Submission of an article implies that the work described has not been published previously (except in the form of an abstract, a published lecture or academic thesis, see 'Multiple, redundant or concurrent publication' for more information), that it is not under consideration for publication elsewhere, that its publication is approved by all authors and tacitly or explicitly by the responsible authorities where the work was carried out, and that, if accepted, it will not be published elsewhere in the same form, in English or in any other language, including electronically without the written consent of the copyright-holder. Papers essentially of an advertising nature will not be accepted.Submissions will NOT be processed without the Corresponding Author having included in their contact information an institutional/organizational email address directly and properly associated with the institution and/or professional organization of which they represent and/or are associated with; or, if for example retired, formerly associated with; one that can at anytime in the future be verified if necessary. Adams 11,06631 Download Guide for Authors in PDF This journal provides a forum for scholarly work dealing primarily with probabilistic and statistical approaches to contemporary solid/structural and fluid mechanics problems encountered in diverse technical disciplines such as aerospace, civil, marine, mechanical, and nuclear engineering. Examples of potential conflicts of interest include employment, consultancies, stock ownership, honoraria, paid expert testimony, patent applications/registrations, and grants or other funding. The Editor is responsible for the final decision regarding acceptance or rejection of articles. Web-based proofing provides a faster and less error-prone process by allowing you to directly type your corrections, eliminating the potential introduction of errors.If preferred, you can still choose to annotate and upload your edits on the PDF version. The art of writing a scientific article. During the submission process, after uploading your manuscript, you will have the opportunity to upload your relevant datasets directly to Mendley Data. Peer review This journal operates a single anonymized review process. Abstract A concise and factual abstract is required. Changes to authorship Authors are expected to consider carefully the list and order of authors before submitting their manuscript and provide the definitive list of authors at the time of the original submission. References Citation in text Please ensure that every reference cited in the text is also present in the reference list (and vice versa). Finally, you should not include existing members of the journal's editorial team, of whom the journal are already aware.Note: the editor decides whether or not to invite your suggested reviewers. Authors who feel their English language manuscript may require editing to eliminate possible grammatical or spelling errors and to conform to correct scientific English may wish to use the English Language Editing service available from Elsevier's Author Services. If you are sharing data in one of these ways, you are encouraged to cite the data in your manuscript and reference list. Open access Please visit our Open Access page for more information. IwaniewiczHamburg University of Technology, Hamburg, DE Germany H. Please note an open access fee is payable for publication in Data in Brief. Number them consecutively throughout the article. If the manuscript has already been published in an online issue, any requests approved by the Editor will result in a corrigendum. See also the section on Electronic artwork. Using citation plug-ins from these products, authors only need to select the appropriate journal template when preparing their article, after which citations and bibliographies will be automatically formatted in the journal's style. We suggest using alternatives that are more appropriate and (self-) explanatory such as "primary", "secondary", "blocklist" and "allowlist". Ferreira Selected Contributions of AJP 2021 Editors: Lucas F. Declaration of competing interest Corresponding authors, on behalf of all the authors of a submission, must disclose any financial and personal relationships with other people or organizations that could inappropriately influence (bias) their work. In order to ensure that your video or animation material is directly usable, please provide the file in one of our recommended file formats with a preferred maximum size of 150 MB per file, 1 GB in total. For more detailed instructions please visit our video instruction pages. An e-mail will be sent to the corresponding author confirming receipt of the manuscript together with a 'Journal Publishing Agreement' form or a link to the online version of this agreement.Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. For more information on depositing, sharing and using research data and other relevant research materials, visit the research data page. Unpublished results and personal communications are not recommended in the reference list, but may be mentioned in the text. In principle, variables are to be presented in italics. Elsevier supports responsible sharing Find out how you can share your research published in Elsevier journals. These will be used instead of standard icons and will personalize the link to your video data. These guidelines are meant as a point of reference to help identify appropriate language but are by no means exhaustive or definitive. Ethics in publishing Please see our information on Ethics in publishing. ArwadeUniversity of Massachusetts System, Amherst, MA, Massachusetts, United States of America I. Any such submission is subject to all of the journal's usual procedures, with peer review handled independently of the relevant editor and their research groups. Please switch off the 'Track Changes' option in Microsoft Office files as these will appear in the published version. If you wish to make changes to supplementary material during any stage of the process, please make sure to provide an updated file. Manzini, E. If these references are included in the reference list they should follow the standard reference style of the journal and should include a substitution of the publication date with either 'Unpublished results' or 'Personal communication'. Apply Now Actran Powerful Acoustic Simulation Actran is the premier acoustics software to solve acoustics, vibro-acoustics, and aero-acoustics problems. Significant changes to the article as accepted for publication will only be considered at this stage with permission from the Editor. Commun. MuscolinoUniversity of Messina, Messina, IT Italy A. Simulate Real World Behaviors MSC Software's Student Editions will provide you with the simulation tools to accurately and reliably predict how your designs will behave in the real world. Guedes Soares, PhDUniversity of Lisbon Higher Technical Institute, Lisboa, PT Portugal R. Number consecutively any equations that have to be displayed separately from the text (if referred to explicitly in the text). You are urged to consult IUPAC: Nomenclature of Organic Chemistry for further information. Language (usage and editing services) Please write your text in good English (American or British usage is accepted, but not a mixture of these). Author contributions For transparency, we encourage authors to submit an author statement file outlining their individual contributions to the paper using the relevant CRediT roles: Conceptualization; Data curation; Formal analysis; Funding acquisition; Investigation; Methodology; Project administration; Resources; Software; Supervision; Validation; Visualization; Roles/Writing - original draft; Writing - review & editing. This may be a requirement of your funding body or institution. Do not annotate any corrections on a previous version. Use of word processing software It is important that the file be saved in the native format of the word processor used. More information on types of peer review, van der Geer, J.A.J. Hanraads, R.A.
