(January 2011) (Learn how and when to remove this template message) English Grammar in Use AuthorRaymond MurphyCountryUKLanguageEnglishSeriesIn UseSubjectSelf-study book on English GrammarPublished1985 (1st Ed), Cambridge University Press and 2012 Feb (4th Ed)Media typePaper Book, or eBookISBN978-0-521-18906-4 (4th Ed) English Grammar in Use is a self-study reference and practice book for intermediate to advanced students of English. The book was written by Raymond Murphy and published by Cambridge University Press. Book editions Book cover of the second edition The earliest edition as seen on Google books was released in 1985.[1] This release contained 379 pages and had an ISBN of 9780521287234. A well-known edition of the book is the second edition, which was released in 1991 and had an ISBN of 9780521336833.[2] Most recently the fourth edition was released.[3] Many other reprints of these three main editions have been published. There's also a 5th version of the book: About the book Preview of unit 2 showing lesson and exercises The book has been widely used by English language students, especially those from non-English-speaking countries, as a practice and reference book. The book has achieved a great reader acceptance because of its accuracy and simplicity.[citation needed] Though the book was titled as a self-study reference, the publisher states that the book is also suitable for reinforcement work in the classroom.[4] There are three versions of the book (with answer key or without answer key or with answer key, eBook and audio).[5] The book is divided into units, each unit (typically of two facing pages) has the lesson itself on the left page, while the right page contains exercises on that lesson. The book's units are ordered according to the lesson simplicity, or starts with the basic topics and goes up to more advanced topics. The author advises readers to flip over and find whichever topics they feel they need improvement on. A study guide is placed at the end of the book, which contains exercises that when solved reveal what topics student needs improvement on, and suggests the unit numbers the student should study; and thus the reader can figure out which units to study and which to omit. For this third edition I am grateful to Colin McIntosh, Nora McDonald, Annabel Marriott, Sabina Sahni, Kevin Doherty, Andy George, Claire Cole and Janet Weller. Claire and Janet in particular have given me tremendous support in preparing the book and the accompanying to Sophie Joyce, Sandy Nichols, Katie Mac, Ian Mitchell and David Whamond for the illustrations and to Kamae Design for their work on the fi nished product. I would also like to thank Cambridge University Press for allowing me access to the Cambridge International Corpus. Many students and teachers sent me comments on the 2nd edition, and these have been very helpful in writing this new edition. Thank you all for taking the trouble to contact , my thanks, as ever, to Suzanne, David and authors and publishers acknowledge the following sources of photographs and are grateful for the permissions 6: WithGod/Shutterstock; p.8 11: Comstock Images/Thinkstock; p. 17: Thinkstock; p. 33: Image Source/Glowimages; p. 39: Thinkstock; p. 109: Thinkstock; p. 114: Bildagentur RM/Glowimages. ThanksCambridge University Press978-1-107-61378-2 Advanced Grammar in UseMartin HewingsFrontmatterMore information in this web service Cambridge University the studentviiiWho the book is forAdvanced Grammar in Use is for Advanced students of English. It was written mainly as a self-study book, but might also be used in class with a teacher. How the book is organisedThere are 100 units in the book, each looking at a particular area of Grammar . Some sections within each unit focus on the particular use of a grammatical pattern, such as will be + -ing (as in will be travelling); others explore grammatical contrasts, such as whether to use would or used to in reporting past events, or when we use except or except for. The 100 units are grouped under a number of headings such as Tenses and The future, and you can fi nd details of this in the Contents.9 Each unit consists of two pages. On the left-hand page are explanations and examples; on the right-hand page are practice exercises. The letters next to each exercise show you which section(s) of the left-hand page you need to understand to do that exercise. At the back of the book you will fi nd a number of further sections. Appendices (pages 202 and 204) Two appendices provide further information about irregular verbs and passive verb forms. Glossary (page 205) Although terms to describe Grammar have been kept to a minimum, some have been included, and you can fi nd explanations of these terms in the Glossary. Study planner (page 210) You can use the Study planner to help you decide which units you should study, or which parts of the Grammar reminder you should read fi rst. Grammar reminder (page 222) This presents examples and explanations of areas of Grammar that you are likely to have studied already at earlier stages of learning English.10 References on the left-hand page of each unit point you to the sections of the Grammar reminder relevant to that unit. Read these sections to refresh your understanding before you start work on the more Advanced Grammar points in the unit. Additional exercises (page 240) If you want further practice of Grammar points, follow the references at the bottom of the right-hand page of a unit. These will tell you which of the Additional exercises to do next. Indexes (pages 251 and 257) Use the Indexes to help you fi nd the Grammar or vocabulary you need. How to use the bookIt is not necessary to work through the units in order. If you know which Grammar points you have diffi culty with, go straight to the units that deal with them, using the Contents or Indexes to help you fi nd the relevant unit. When you have found a unit to study, read through any related material in the Grammar reminder before you begin. You can use the units in a number of ways.
