## Mu6490 vs mu6500

The Xfinity Stream Beta App on Samsung Smart TVs allows Xfinity TV customers to enjoy their home cable subscription through the new Xfinity Stream Beta app on Samsung Smart TVs. \*\*Note\*\* This application is currently in Beta trial. Customers can access the app from the Xfinity channel in the Samsung Hub app store. Make sure your Samsung Smart TV is connected to the Internet. Press the Smart Hub button on the Smart Control remote to access the Samsung Home screen. Scroll and select the Settings icon (go right). Arrow down to Support. Brake to the right, then down, then select On this television. From here, you will see the Model Code, Serial Number, Software Version, etc. LG: The model number can be found at the back of your Smart TV LG. You can also find it by pressing the Home button on the remote control and selecting Settings (Gamba icon), then scrolling on this TV under General. Next, follow these steps to add the Xfinity Stream Beta app to your compatible Smart TV: Launch the application from Samsung Hub app store or LG content store. If your Smart TV has not been activated, you will see the Welcome screen. Select Started to continue. If your Smart TV has already been activated, you will see the main menu. The activation code screen will appear on your Samsung or LG Smart TV. On another device (such as a mobile phone, tablet or laptop - not from your Smart TV), go to [xfinity.com/authorize](http://xfinity.com/authorize) to continue the activation process. From the web browser onsecond device (not Smart TV), enter the six-digit code provided by the Xfinity Stream Beta app. Always from the web browser, enter your username and password Xfinity, then select Login. The web browser will show a success! message, warning that your Samsung or LG Smart TV has been activated and the activation screen on the Xfinity Stream Beta app will be updated shortly. After your Smart TV has been successfully activated, you will see the Activation Terms. Scroll to read the terms and select Yes to accept and continue. If you select No Thank you, you will be brought back to the first step of the activation process (Welcome Screen). Then, name the device and select Confirm. The device name is used to help with troubleshooting and all future device management settings. You'll see the main menu. You're ready to start using the app! Remote Control User Guide You will need to use the Samsung or LG remote control to navigate the Xfinity Stream Beta app. You can use the basic navigation control, such as up/down, left/right, last and OK/select. Main menu If your Smart TV has been activated, you will see the main menu after opening the app. For more information, see our activation instructions. From Main Menu, you will see the following buttons: Live TV Saved Browse Search Settings Live TV Press OK on the Live TV button on the main menu upload the Live TV page and guide All channels. You will see all the channels that are available with yourTV or Xfinity Instant TV subscription. In addition to the Live TV grids, you can also discover live programs in galleries based on curated categories, including Children, Sport and Film. You can watch live programs currently available by choosing a program from the guide and pressing the Watch button. Press the Last button while you are on a Live TV menu tab, please refer to the main menu. TV Options Live Press OK on the Options button on the Live TV menu to load more options on the Live TV guide. Use the Find channels option to search for specific networks or channels (including channel numbers) you want, and you can skip down the All channel guide to that channel or start looking at it right away. Press OK on the Saved button on the main menu to load the tab For You. The For Your page has live programs and on-demand TV programs and custom movies for you. Other tabs include Recordings and Schedules where you can watch or manage (for example, delete) recordings from your TV box. You can delete the recordings by highlighting a TV episode and selecting Edit Recording episode, then Delete Recording. Note: You can't delete mass recordings (for example, an entire series) on your Samsung or LG TV. However, you can do it directly on your TV Box or on the Xfinity Stream app. You can also recover the recordings that have been deleted in the last 24 hours by going to the following menus: Save > Recordings > Deleted records > andpress ok on the button browse through the main menu to load the TV show gallery on request. the browse section includes videos on request organized by tv, movies, networks, sports, children, news and Latin. special categories of videos on request are displayed according to the editorial calendar (for example, Olympics or World Cup). press OK on the search button on the main menu to go to the search page. you can look for a movie, a TV show or a network (a collection of channels). the search function uses a predictive search that gives you results while you start entering the name. Recent search results are shown even if available. Settings settings the Settings button on the main menu uploads the Settings page, which includes language, parental control, accessibility, help, terms and policies, information and Sign-Out. language settings allow you to set the default language for secondary language sound columns (you will see the sap option in playback controls when available). language settings do not change the language for menus or TV lists. parental controls allows you to limit the type of content that can be seen without a block code. you can set the personal identification number of parental control (pin.) change it or delete it. After creating a parental control pin, you can limit (lock) content based on content evaluations, or set safe browse to limit what is presented in the content pages. Accessibility settings allow you to turn on or off closed registration, changeof the closed recording text, and turn Video Description On or Off. Note: If you have Voice Guidance (text-to-speech) set to your Samsung or LG Smart TV, you can also turn it on with the Xfinity Stream app. app.
