CO-OP, warned that annual profits will be affected by the shortage of truck drivers and problems in the supply chain that the convenience store operator said they were likely to lead to price increases for customers well in the next year .Reporting a dive of 38% in profits before taxes to 44m à, £ 6 months to July 3, when sales slid 3.4% to £ 5.6 billion, the pointed figure for significant cost Rises and Sales and Erosion Profit related to product availability problems and the current effects of Covid.Steve Murrells, the chief executive of the co-operative group, which runs funeral and safe, as its chain of more than 2,600 convenience stores, said the effects of driver scarcity would have reached the co-op more in the second half of its financial year than the first.Murrells said buyers would be able to get everything they needed Christmas and your weekly shop. However, he added: A € HÅ € t is the same level of choice as there was in the past, with, for example, a limited range of packaging on some shelves Products.À € in sand places so complete As usually expect them to be. With 90,000 to 100,000 short drivers [for all Industries throughout the UK], there is now it's easy, A € it said.ocado to spend an extra of £ 5m in drivers in shortageurrells Brexit-related said salary increases for drivers were inevitable but were only a part of the problem of the problem. Co-op said he was trying to do more attractive conduction jobs, improving conditions and diversifying the work forces away from older people, offering formation packages for young people and those who worked in their warehouse and stores.Jo Whitfield, Chairman-executive of the co-opa S Business grocery, said that the delivery problems were adding at the generalized cost rises in commodities, including wheat, acting and milk. A € The pressure is very genuine, one said. A € pressure is unlike any other than I've seen in a very long time and you can get to see the market now turning for the first time I can really recall.À € murrells said that it was possible that price increases could continue in 2023 when work and supply strand issues can be solved.while the group plans to open about 60 stores this year, and the same number in the next year, is Investing strongly in the expansion online as Murrells admitted that people were making less shops locally as fears about the pandemic are subsided.A à € We are seeing a normalization. Murrells said, but added that the group He had maintained his market share of proprietary market and would continue to invest in stores that could function as an ounce for the fast track grocery store, partly driven by a new alianca with Amazon.Sign to the email business today or follow negh ICO on Twitter at warning @businessdesk Co-opa S about the difficulties of the supply chain came as Marks & Spencer announced that he would close 11 of his 20 s franchise in the franchise as a complex successions that They have emerged from Brexit had affected their ability to provide fresh foods on Channel.m & s said the 11 stores, which are located mainly in Parisian high streets and are executed by their SFH Socio, would be concluded until the end of this year. Nine remaining, which are based on airports, rail and metro and metro stations and By another Operator A € lagardÀfã È à € will continue the right. However, M & S suggested the future for the remaining stores could be at risk, since it said that the stores would trade as one parties continue to work in close collaboration in a future Sustainable Negocion .
