You want Transit King Tycoon Mod Apk? reviews by GameMon Bowen: This is a great experience, I remember playing the first sims on my computer now this fantastic game is on my phone! I love their language and music on the stereo, it's so unique and puts a smile on my face. Even if it was out for a while, I would definitely recommend this God of an app. From the Sims Freeplay Fankirsty Farmer: The Game is amazing but small lots should be large lots and big lots should be as big as when you're building, you can't put lots of lots and pool without green areas or a small pool and house for Have grass a. The amount if you stuff you have put in a house is not enough so you can put all the things you want at home, you will also not be able to eliminate more than one thing that is annoying, please adjust these things and I'm sure the game will be perfect karacule anordam: my game experience is good but I voted only 4 stars because of the ads, I didn't mean that there are too many ads but the boy who provides ads for objects and simcashes enough, because not I can play the game continuously, when we collect the collections and EXP from the city, the ads always takes place, so please reduced guys ads and BTW is a nice game !! I just have problems managing ads! Creation, customization, design and construction of your heart content is simple and fun in sims FreePlay for mobile! The story is yours, tell you as you want. Everyone can advance into their phase (thus in age) by buying a birthday cake, an object that costs five points of life after a day working on a sim in the oven. Each phase has the following features: if this is your first child or you have completed the dreams of life and the Hegacies Quest, you need to buy a cot, use it and pay 3 points of life or a fixed price in Svoloni (when you Give light a child). After the stork has arrived for the birth of the child, you will have to wait 24 hours to be born the child. Then at the beginning of the summer of 2018, a consented update version sims to become incitation in two ways: incitement is a process that requires 6 human days and is the most expensive. Sims bellies grow during these 6 days until they deliver to the end of it. In the second cheapest option, you can perform various actions, which will improve a child until death (the needs of her will be lowered more slowly, he or her will finish the first actions, etc.). A player can choose the child's name, skin color and appearance after waiting. Babies can only interact with adults, elderly, adolescents, and some petsan childtens can do many things, including laying on his stomach, climbing up on the shelves, go to the bathroom, riding a toy horse and walking. Unless the food has been cooked by another sim, they need an adult to eat them. The washing also requires the assistance of an adult. Coers and Preteens can also interact with them. Attes is able to find hobbies and schools like dance and karate and can learn to read and write accordingly in the Sim Elementary School. Like a child, he or she can wash his hair and eat alone, but they can't cook themselves. It was announced in October 2013 that Teenager Sims would have been added to the game along with high schools. "Teenagers" can be in romantic relationships with adolescents. A stove and a toaster can be used to cook also for cooking. In this state, the game is in its most fundamental. Depending on the level of development, an adult sim is able to build a home, start a family and work. Sims can only be created for free in this situation; The only requirement is to have a house for free.Dult sims will become old if they consume a birthday cake. Playing Bingo, taking hobbies and have new animals, for example, are all the options for the elderly. seniors.
