# Can you learn korean by listening to kpop

Did you know that you can learn Korean with BTS? That's right! Big Hit Entertainment boys can help learn Korean! Who knew that studying the songs of a boyband with over 100 million global fans can help you learn Korean language? If you are interested in studying Korean language with BTS, go on! Who's BTS? BTS is a pop group of seven members of South Korea. Are they also called "Bangtan Boys", and are under the entertainment company Big Hit Entertainment (Do you know how to say BTS in Korean? Watch this video). They took Korea and the whole world with the storm! What does it mean to learn Korean with BTS? You can use texts, songs and BTS content to help you study the language. Inside the songs, you can learn about useful vocabulary, slang, and expressions. Then, when you sing along the songs, you can talk and listen to the words you learned. You can look out for the playlists like "BTS studio music" or "BTS training music" to help you learn the language. Understanding what music means, you will begin to discover the subtle meanings embedded in the language. It is different that only learn the Romanized English version of the song. In addition, you can actually learn one thing or two about culture at the same time! Can you become a Korean expert listening to K-Pop? Yes, it will definitely help with the expertise. However, you still want to study the grammar and the words below. This is what is understand the meaning of the texts, as well as being able to create their own sentences. We have a structured online course that will teach you all the foundations you need. How can K-Pop help me learn Korean? There are many ways that listening to K-Pop can help you study Korean. The lyrics of the songs use a mix of everyday language and artistic language. These can help you understand words or phrases. You can listen to the texts and understand the meaning behind them. K-Pop artists also have live broadcast channels like V Live. During these broadcasts, some fans of heart translate what artists say in English for other fans who do not understand. Sometimes artists also translate, if you kindly ask! They also have a variety of programs like Run BTS, where you can get exposed to their dialogues or conversations. Can BTS help me learn Korean? You could ask yourself: Can BTS really teach you Korean? Yes! We know some tips for what kind of learning you can do with the Kings of Big Hit Entertainment. Let's hope you're ready for this because we'll introduce you below. However, simply knowing that you could study a foreign language with BTS might not be enough of a reason to use them as a learning tool. So, on top of some of the ways you can learn with BTS, here are some reasons why it is totally awesome to learn Korean with BTS! #1. You can follow with their captivating songssing a listen, and you'll only know what we mean. If the songs become your personal favorites or not, they will be stuck in your head. their fans know what we're talking about! not only will you find their acuteness a great motivation to continue studying, but you will also end up learning through them whenever you find yourself singing along the song. azlyrics is a great resource to find bts texts in Romanized, hangeul and translated versions. #2. You can have short lessons throughout the day because every song is only a few minutes long, you don't have to spend an hour on each one. In many cases, you will need only three minutes! So, if you're pressed for the time at the moment, put a captivating bts song and really listen to the lyrics. You could even try singing. may not happen immediately, but each of those three minutes of practice of pronunciation will be added. soon you will be surprised by how much of the texts you can actually understand! #3. singing along improves pronunciation when studying Korean, practice is fundamental. and is there something more fun than practicing pronunciation singing along your favorite songs? If you're having trouble understanding the texts, try learning a few words at a time. do the same with grammar and phrases, and step by step the meaning will become clear! #4. the repetition of songs makes it easier to memorize once you start singingbts, you will want to listen to the songs more and more times, which will increase your listening, memorizing and even pronunciation skills. Since vocabulary in songs is not your typical daily basic conversation, you will also try to learn them with more excitement so that you can correctly understand what your prejudices are singing. in a short time you will find yourself singing songs from memory, even when it does not sound in the background! #5. beyond the songs, there is so much content with bts in them to explore through any song of this awesome group would eventually be a great success. but beyond the songs, they have so many content to help you learn. you can also follow them on their social media accounts and focus on reading their photos' captions. you can also connect and socialize with the millions of bts fans who are also trying to study the language. Youtube videos of their interviews are a great success among fans, with hours of content, giving millions of pleasures from fans. ask one of their global fans (called bts army,) who will tell you that they are much more than music. #6. you can learn the jargon that is not taught in textbooks is fun collecting slang in songs, and bts texts are a great way to study them! the most modern slang you know, the more you will be able to understand K-Dramas and Korean movies, too. #7. can help in understanding culture and culture K-Pop in general bts is a great name in K-Pop as well and canas one of Korea's top music at the moment. Through them, you can not only open doors to a greater understanding and knowledge of K-Pop, but of Korean culture as a whole. And loving culture behind the language is a great way to learn. These are just a few examples of the reasons and ways BTS can help you learn Korean. You can also make up new ways!
