PICTUREQUOTES

I love being in love.
I don't think that we were created to be alone.
We have a great capacity to try
to *joyfully* justify our being alone
But I've never met anyone
that could *convincingly* portray
even a fraction of the joy they feel
when they are alone vs being in *love*.

I went over to her place, drank some wine and we wrote 'Not Meant To Be' in 5 minutes. Our writing styles fit together so perfectly it was almost like it was 'meant to be'. Tyler Connolly[2] The best part about my job is that you never know who you are going to meet, and who's going to inspire you. Although I'd never worked with Tyler, when he started singing the song, I knew we were onto something special.- Kara DioGuardi[3] Music video The band filmed the music video with Tony Petrossian in February 2009. By the first chorus in the song, all of the non-singing scenes start running backwards: all the objects in the house (including a fish tank, a wine rack, a mirror, a table, two chairs and more) change from broken to unbroken and Kara's car is also shown travelling backwards, implying that the whole timeline of the main story is running in reverse. It was featured on Transformers: Revenge of the Fallen - The Album. It has had airplay in the U.S. and in Canada, on both rock, mainstream, and Hot AC formats (It was released as a rock format and mainstream single in Canada, while "Hate My Life" was released in the U.S. and Canada as a rock format). Production Tyler Connolly and songwriter/producer/American Idol judge Kara DioGuardi wrote the song together at DioGuardi's house. It was released on March 25, 2009. It features Kara DioGuardi (the song's co-writer/producer) as the love interest.
