# Holt science spectrum physical science powerpoint

Appleton, WI SCIENZE PHYSICHE Holt Science Spectrum Physical Science has been withdrawn and is no longer available. Many of our legacy programs including Holt Science Spectrum Physical Science use digital components that were designed at the time of the program release. As with most technologies, these legacy solutions will probably show problems of degradation over time (as is evidenced by Adobe Flash being no longer supported by most current Internet browsers). It has been determined that due to these technological problems, Holt Science Spectrum Physical Science has been withdrawn. Contact your HMH Executive Account if you have questions about a current Holocaust Physical Science contract. Online textbook: Register for reminders by sending a message to this issue: To be eligible to resume a test, you must correctly complete the un-page left page activity. To replace a quiz vote, choose a left page activity and correctly complete it on the theme covered by the quiz. Students who are absent and lack a daily degree can compensate for that degree by completing a left-page activity on the covered theme. Otherwise, no daily degree will be released for the assignment missed. Date pages are for the organization of notebooks Class policies and procedures p.1 Note Cornell model p.3 Security Rules Spongebob p.4 Unit 1: Scientific Methods and Measurements (Test and Notebook Check 8/25) 8/9: Scientific safety and processes Daily life and scientific method p.5 Scientific methods and measuring video p. 6 (Cornell's Note on this) 8/11: Scientific method and prefixes by Chilling with the scientific method p.7 Comparisons laboratory length p. 8 Length and prefixes laboratory metrics p.9 8/15: Mass, volume and density Homework: Graphing quiz next time and arrange your notebook to be checked on the test day. If you are not satisfied with your quiz measurement level, choose a left and page activity the instructions for measuring the subject. Remember to use a minimum of 4 colors. This will be due first during the lesson on the test day. 8/23: Scientific method and review analyzing the date handout p.17 compilation and weighing of tests p.18 bias reading activity p.19 scientific method p.20 Homework: Try Unit 1 next time. Note control. Notes must be in order and complete for full credit. 8/25: Test and Notebook Control Unit 1 If you need to resume this test, you must complete the left page activity of a paper for the drive 1. This assignment must be complete and correct for this opportunity. Remember, minimum 4 colors. I'll see you during the surgery if you have any questions. The recovery will be during the intervention time. Make a cover sheet or insert for the unit 2 for the notebook Unit 2: Matter and Change (Test and Notebook Check 9/14 and 9/15) 8/28 & 8/31: Properties and changes in the subject Properties reading activity and modifications reading activity p.1 Properties and changes lab p.2 Quiz next time. Finish the notes of Cornell. 9/1 and 9/2: Classify matter by classifying lab material p.5 atoms and reading compounds p.6 by classifying ppt Cornell note p.7 Homework: Quiz next time. Cornell notes finish. 9/3 & 9/4: Separation mix 1. Titan blaster: Read your Cornell notes on the subject classification. Write a test question in the left margin using a different color from the notes. Don't answer the question. 5. activity chromatography activity chromatography cont. p.10 Homework: No one unless you miss one of those. Good weekend! 9/8 & 9/9: Types of mixtures and separation of mixtures continued Titan blaster: mixtures of transparency bell types of laboratory mixtures p.11 laboratory separation mixtures p.12 Homework: Material types ppt Cornell notes p.13 Titan Answer questions in the margin of your Cornell notes. Separate a compound: Homework: Test study all pages for notebook control! 9/14 & 9/15: Test and notebooks check Titan blaster: Write a summary for each note lesson Cornell. The summary should answer the essential question and questions written on margin. Make a cover sheet for the notebook for the unit 3. The subject will be atoms. Take Cornell notes on this: intro to the atoms p.1 If you want to resume the test of the unit 2, complete the activity of a paper for this unit. Remember to use a minimum of 4 colors. Unit 3: Atomi (Test and notebook check 10/8 & 10/9) 9/16 & 9/17: Development of atomic theory Titan blaster: atomic theory bell transparency p. 2 into atomic theory ppt (add to Cornell notes if necessary) rutherford scattering simulation activities, STM reading activity p. 4 Homework: Finish class work. Write 3 questions in the margin of your notes of Cornell. 9/18 & 9/21: Atomic Structure Titan Blaster: Kahoot game subatomic particles graphic, nucleus, isotopes Lab: modeling isotopes, atomic structure practice p.5 Homework: Classwork finish. Answer the 3 questions of the margin of notes Cornell. Take the notes of Cornell on the atomic structure ppt p. 7 9/22 & 9/23: Isotopes and atomic mass media blaster Titan: Write 3 questions at the margin of your notes Cornell p.7 isotopes and atomic mass lab p. 8 Homework: Finish all notebook pages 1-8. Quiz next time. 9/24 & 9/25: Model of Bohr Titan Blaster: structure of atom chemquest p.9 Model of Bohr ppt Cornell Note p.11 Homework: Organize complete notebooks and pages 1-11 9/28 & 9/29: Bohr models and Titan Blaster electrons configuration: Write 3 test questions in the margin of Cornell notes p.11 photoelectric effect: Reading and laboratory: flame test p.12 Reading activity: atomic footprints p.13 Chooseon the left page and complete it on the back of p.13. The subject must be on today's lesson. Today use a minimum of 4 colors. 9/30 & 10/1: Quantum modeling the position of the electron laboratory p. 14 electron configuration activities p. 15 Cornell Notes on electrons ppt p. 16 10/2 & 10/5: Electron configuration TB: Write 3 test questions at the margin of Cornell notes. 10/6 & 10/7: Unit 3 Review History of the atom video or Homework: Test check and notebook next time. \*How to study for this test: read this partial study guide and write a summary for each series of Cornell notes. You might want to look back on the power points. Also, look on all pages of your notebook for this unit. Answer anything you left empty and place your pages in order so you will receive full credit for your notebook control. 10/8 & 10/9: Unit 3 test and notebook control Homework: Enjoy your long weekend! Make a cover sheet per unit 4: Periodic Table Unit 4: Periodic Table (Test and notebook check 10/27 & 10/28) 10/13 & 10/14: Elements of organization 1. Titan blaster: Slide 3 on organization elements ppt p. 1 2. Element card lot lab p. 2 3. which organizes the worksheet of elements p. 3 4. periodic map of the table concept, left page on the back page p. 4 Homework: Finish class work. Page 4 will be taken first of the next class. 10/15 & 10/16: Homework periodic table models: Classwork finishing 10/19 & 10/20: Item families 1. Periodic table color coding p.6 2. using periodic laboratory clues of table p. 7 Homework: Class 10/21 & 10/22: Metals and non-metals TB: slides 3 and 4 on households ppt p. 1 metals and non-metallic laboratory p. 8 metal activity cost p. 9 tasks: Left page activity using ppt families on the back of p.9. 1. periodic table review worksheet p. 10 complete and organizer notebook pages and study for your test. 10/27 & 10/28: test and notebook tb: put the cards in notebook create a cover sheet Unit 5 entitled periodic trends Unit 5: periodic trends (test and notebook check 11/12 & 11/20 & 10/30: Electronics and periodic table 1. models in electronic configuration p.1 2. electron levels lab p.2 3. chemquest electron configuration and Bohr models p.3 Homework: Fine classwork 11/2 & 11/3: Atomic and ionic radio 2. chemquest trends in size p.4 3. Cornell notes on periodic trends intro ppt p.5 Homework: Finish classwork. Write 3 or more questions in the margin of Cornell notes. 11/4 & 11/5: Energy and electronegativity of ionization TB: Summarize Cornell notes p.5 1. ionization energy chemquest p.6 2. Reference sheet of the periodic table p.7 3. periodic puzzle, left page activity on the back p.8 Homework: Finish class work TB: Rotate in periodic puzzle and left page 1. discover the trends of laboratory graph p.9 2. Periodic analysis of trends p.10 3. activity of the elements worksheet periodic table p.11 1. march madness activity p.12 2. periodic trend review p.13 Homework: Test and notebook check next time. 11/12 & 11/13: Test and notebook \*Do a cover sheet per unit 6 chemquest study guide (p.1) Unit 6: Chemical reactions (Test and notebook check 12/7 and 12/8) 11/16 & 11/17: common cations writing formulas, common anions, prefixes, polyatomic ions (p.2) lip puzzle formulas, puzzle pieces (p.3) Lesson: Homework: writing formula worksheet (p.5) QUIZ Writing and balancing equations 2. Note and practice balance equations (p.7) 5.Cornell's notes on lesson (p.9) 11/20 & 11/30: Homework writing and balancing equations: Complete p.11 notebook in 12/1 & 12/2: TB: Write 3 or more questions to the margin of Cornell 1. notes demo/discussion/ Cornell Notes on the types of reaction ppt (p.12) 2.
