Plus don't miss starting the year off this this Lego All About Me Worksheets, seeing all of our lessons for free Sunday school lessons, see resources to music worksheets, or grab one of our reading logs: Looking for more advice on Homeschooling? Make sure to take a peak at our Homeschooling Page. But, to get you started, here are some resources you don't want to miss: First grade is a milestone year; a year in which your kids will be exposed to a wealth of important concepts for the very first time. Introduce them to JumpStart's 1st grade science worksheets and make sure they get enough practice to absorb all the information. Science Worksheets for 1st Grade – Encouraging Young Scientists Science is perhaps one of the best things about first grade. At this age, the subject is equally enjoyable as it is educative. This is because first grade science urges kids to discover the world around them and look at it in a whole new light. The pages and pages of fun, free and printable first grade science worksheets available at JumpStart get kids to investigate the world around through observations and experiments. Also, in this grade, kids are taught to expand the concepts learnt in kindergarten and the printable 1st grade science worksheets give them good practice. Help your first graders learn elementary concepts, science vocabulary, and the knack for reasoning with the help of JumpStart's science worksheets for 1st grade. Before you know it, the year would have come to an end. So, start early, download the free and printable 1st grade science worksheets and get your kids involved in science activities immediately. Skip to main content Our grade 1 science worksheets introduce concepts related to life sciences (plants, animals and our bodies), earth science (weather, the environment and patterns of the earth sun and moon) and the physical sciences (forces and motion, energy, sound and light, properties of materials and simple machines). Grade 1 science worksheet K5 Learning offers free worksheets, flashcards and inexpensive workbooks for kids in kindergarten to grade 5. We help your children build good study habits and excel in school. Seasons Everyday Materials Plants Animals, including Humans Science is an area of study which involves anything and everything in the entire Universe. It helps us understand who we are as humans and what we need in order to survive.
