Others [includes ova, etc.] 1. 24, 2022Continue Reading the main story 1. Basically it is a spectacle of parody that carries the characters from the Fgo and put them in ridicuity situations. Personally, I would not recommend it and recommend reading at least the destination route from the visual novel, but the choice is yours. I did not get sick in the details to avoid spoiling, but definitely reviewing these movies if you are interested in deepening the universe type typography.6 Visual Novels of Tsukihime The events in Tsukihime take place in the city of Misaki. Chronologically, the end of the story of Tsukihime takes place around the beginning of the destination / the night of stay. 10 years is carried out before the events of the destination / stay.] (It is intended to see the prequel after finishing the destination / night of stay and not before! People always make a Error seeing the destination / zero first, but that spoils the events of the plot. On the night of the destination / stay, so be sure to see the destination / zero after finishing all the destination / the night of stay). 4. FEB. You must read the anime synopsis on the wrong link to get more information about the story. Fate / Grand Order: Shinsei Entaku Ryouiki Camelot - Wandering; AGATERAM. If you prefer to wait for it to become a fan-iraimed, I suggest that at least read the really good sleeve adaptation. It is established in an alternative universe and a time line to allocate / stay at night. [Part 1, part 2] In terms of order of history, it happens before Babylon. Essentially, this focuses on Saber, and if you like the character of him, I sincerely recommend reading the destination route from the visual novel, since the adaptation to the anime is not remotely as good. 6. Fate / Stay Night as a whole to fully understand the Carnival Ghost.3. Fate / Kaleid Liner PrismaÄ ~ ~ ä 6 illyathis series is a spin-off of the Alternative Destination Universe / Night Stay that takes place in the city of Fuyuki and introduces Illlya as a protagonist in an alternate timeline. I would recommend tsukihime, as it is a great visual novel. You can see all this show in launch order, there is no special request for this show.4. FATE / LTTIMA ENVERSE OF ADDITIONAL Actions The events of the destination / maintain the night universe until a "certain main incident" and diverge completely. Kara no kyoukai movies (8 movie ACTIVES IN Total) The series is considered to be established in an alternative parallel universe on the night of stay. However, keep in mind that it only covers the first route of the original VN, the guide of the watches order will remain updated accordingly. It comes before UBW in the observation order. order.
